

Ladies Studying Jesus

Homework – Vol. 4 #28

On Mother's Day weekend, I will be speaking at a ladies' banquet. The theme is centered on all things repurposed. I plan to give the ladies' event devotional next week at Bible study in preparation. So, let's consider God's desired repurpose of our lives.

1. Many of us have repurposed items in our homes. Maybe a decorated quart jar that has become a pretty vase or an old dresser that has become a bathroom vanity. What is the best "repurposed" item in your home? Take a picture and bring it to Bible study! I might use yours for my banquet PowerPoint!

2. God has much to say about the changes that come about when we become followers of Him. Find and write out three verses that speak of these changes and highlight God's desire to repurpose us!
